

International Forum “Dialogue of Declarations” kicks off in Bukhara

The results of scientific and practical workshops will be summed up at the event. Views will be exchanged on the issues of freedom of religion and ensuring interreligious dialogue.

Prospects for future cooperation will also be outlined.

Presentations of the declarations of Marrakesh, Makkah, Jakarta, Potomac, and Punta del Este, adopted in 2016-2020 for the international development of the ideas of religious tolerance and freedom of religion, will take place. Their nature and significance will be discussed.

Following the forum, the Bukhara Declaration will be adopted, within which the main attention will be paid to the development of enlightenment and religious tolerance in the world, based on the Uzbek experience, as well as strengthening the dialogue between representatives of various religious faiths.
