

New investment projects presented

On February 1, President Shavkat Mirziyoyev became acquainted with the implementation of previously given instructions regarding the investment sphere and the presentation of new projects.

Investment projects of commercial banks for \$1 billion and 9 large industrial projects with a total value of 8.6 trillion UZS, developed by Tashkent City Hokimiyat, were presented at the meeting, held on January 11, 2021.

Under the instructions of the Head of the state, roadmaps were developed and approved for high-quality and timely implementation of these projects, with a specific indication of activities, deadlines and responsible performers.

Since the first presentation, commercial banks have prepared additional investment projects in promising areas. Information about them was presented at today's meeting.

It was noted that 10 large commercial banks have developed 136 project proposals for \$1.5 billion.

In particular, Agrobank has identified opportunities for implementing 43 projects together with textile clusters. The implementation of these projects with a total cost of \$501 million will significantly increase the level of processing cotton fiber and increase the volume of production of finished products.

The National Bank for Foreign Economic Activity plans to implement 6 new projects worth \$225 million this year. These include projects for the production of polyvinyl chloride and aluminum frames in Karakalpakstan, Navoi and Namangan regions, creation of a transport and logistics center for servicing freight trains and trucks in the city of Tashkent and Tashkent region.

Sanoatqurilishbank is planning to implement a project worth \$110 million in Urgut FEZ, which provides for the creation of capacities for the production of 600 thousand tons of steel products per year.
