

CIS International Expert Forum on Information Security website launched

The website <https://isf-cis.uz> of the CIS International Expert Forum on Information Security has been launched.

The Forum, initiated by the Uzbek side at the meeting of the CIS Heads of State, is organized by the Institute for Strategic and Regional Studies under the President of the Republic of Uzbekistan, the Ministry for the Development of Information Technologies and Communications of the Republic of Uzbekistan and the CIS Executive Committee.

The website provides access to up-to-date information about the Forum's work. It has information about the participants, program, news and media library of the Forum.

As previously reported, the CIS International Expert Forum on Information Security will be held on June 29, via videoconference. Experts from the Commonwealth countries will discuss the latest trends in information security, as well as agree on approaches and optimal ways to counter illegal phenomena in the sphere.
