

The President leaves for Khorezm

President of the Republic of Uzbekistan Shavkat Mirziyoyev has left for Khorezm region.

The key purpose sought from the working trip is to study, in the context of mahallas, how the ongoing reforms have had effect on the lives of people, and decide on plans.

The head of our state is expected to get a first-hand view of the activities of agricultural and industrial enterprises. The President also plans to meet with local activists and public figures as well as youths.
